Corporate Governance Recruitment Consultant/ Senior Consultant

LOCATION

Edinburgh or Glasgow

Who are we and what do we do?

Adam Appointments is the only Scottish recruitment organisation specialising exclusively in Corporate Governance recruitment. We deal extensively in Risk Management, Compliance, Financial Crime, Internal Audit/IT Audit, Technology Risk and Cyber Security positions within the Big 4 and the Financial Services sector. Established in 2003, we have enjoyed consistent growth and are recognised as having a unique operating model and approach, and as being a valued extension to the recruitment activities of our clients.

We are looking for a Consultant to join us to focus on Corporate Governance recruitment in its broadest sense. Whether it's Risk Management, Regulatory Compliance, Internal Audit, Financial Crime or any other related area, developing these capabilities remain a critical focus for our clients.

A very different way of working... ask our candidates and clients

We believe we operate in a very different way to our competitors. Our business is relationship driven, rather than process driven. It is not based on targets, numbers of calls and CVs sent. We apply common sense and intuition, with a flexible approach regarding how professional recruitment services should be delivered. Quality over quantity at all times.

A unique development opportunity for the right candidate

Whilst the primary focus will be working on roles through the whole recruitment lifecycle, we are keen that you play an active role in helping us manage our key client relationships, as well as building new ones. In addition, as an entrepreneurial organisation, we would expect you to be involved in projects that add value to our business or to clients' businesses.

You will have the opportunity to work closely with our leadership team and this is a great opportunity to work in a small, supportive team who love what they do, and we offer the opportunity to use your experience in an enjoyable and rewarding way.

What are we looking for?

To be successful with us you need a natural ability to develop lasting relationships, ability to work both autonomously and as part of a close-knit team and the passion and confidence to represent us in the market. We are looking for recruitment experience as a consultant or you may currently be a resourcer looking to make the next step into a more client facing role. Ideally you will have experience of the sector and an enthusiasm and understanding of corporate governance that will enable you to hit the ground running.

What's in it for you?

As well as access to an unrivalled client and candidate base, a unique personal development opportunity, a flexible approach and the chance to work in a business that will grow with you, we are offering a competitive salary and benefits package. As well as individual and team performance bonuses that reward personal success alongside a commitment to effective teamwork. Please get in touch to discuss this opportunity in more detail.
